

FLL Judging Materials

Please do not upload any additional files other than those listed below. Note that the Session Coordinator for your judging session will display the slide deck or video that has been uploaded for your innovative project and/or robot design presentation. Control of the Zoom session will always remain with the Session Coordinator.

1. Innovative Project – optional (teams may do their 5-minute IP presentation live)
 - a. Pre-recorded video – either .MP4 or .MOV format. Must be no longer than 5 minutes. Moderator will play the video during the judging session.
OR
 - b. Slide Deck – save as .PDF only. Do not use embedded videos as these often cause problems during display of the slides. Moderator will display the deck and the team lets them know when to advance to the next slide.
2. Robot Design –
 - a. Required – completed Robot Design Worksheet* must be uploaded to the team's Google Drive folder by **Sunday evening, December 5**
 - b. Optional – 5-minute Robot Design presentation; may also be done live
 - i. Pre-recorded video – .MP4 or .MOV format. Must be no longer than 5 minutes. Moderator will play the video during the judging session
OR
 - ii. Slide Deck – save as .PDF only. Do not use embedded videos. Moderator will display the deck and the team lets them know when to advance to the next slide.
3. Core Values – optional, will not be viewed/shown during the judging session
 - a. No longer than 3 minutes. CV judge can review before the judging day
 - i. Video – .MP4 or .MOV format
 - ii. Slide/slide deck – .PDF format

**Robot Design Worksheet will be added next week*
